Alberta Government Telephones:

Operating results of the Alberta Government Telephones are summarized below. The financial position of the utility is dealt with in the certificate to the balance sheet (Statement No. 135).

Particulars	Year ended March 31,		Increase
	1950	1949	
Operating surplus before provision for debt retirement and replacement reserve	\$ 3,396,684.51	\$ 3,020,547.07	\$ 376,137.44
Debt retirement	\$ 302,991.38	\$ 292,658.69	\$ 10,332.69

	<u>\$ 1,142,991.38</u>	<u>\$ 1,032,658.69</u>	<u>\$ 110,332.69</u>
Surplus after provision for debt retirement and replacement reserve	<u>\$ 2,253,693.13</u>	<u>\$ 1,987,888.38</u>	<u>\$ 265,804.75</u>

In arriving at the operating results of the General Revenue Fund, revenues are reported on a cash basis, being the actual receipts in cash within the fiscal period whereas expenditures include liabilities incurred but not paid at the end of the fiscal year. In other words, revenues exclude accounts receivable but expenditures include accounts payable.

The operating results shown above are subject to the undernoted qualifications:

- (a) As at March 31, 1950, unmatured debentures aggregating \$244,605.56 had not been surrendered for exchange under provisions of the 1945 Debt Reorganization Programme. Interest thereon has been charged to expenditure at the rates provided by the Programme. No interest has been provided subsequent to June 1, 1945, in respect of matured debentures. As at March 31, 1950, matured debentures aggregating \$52,042.13 had not been surrendered for redemption under the 1945 Debt Reorganization Programme.
- (b) Contributions to the Pension Fund have been made by employees at the rate of 5% of gross salaries with a like contribution from the employers. The actuarial report as at April 1, 1947, on the Public Service Pension Act indicates that to provide the benefits under the Act a contribution of 7.9% of gross salaries should be made by the Government. The report points out that under Section 5(7) of the Act the Government has a general obligation to pay into the fund amounts sufficient to enable all benefits to be paid, therefore, while such funding is of an indefinite nature this general guarantee establishes the technical solvency of the fund.

REVENUE AND EXPENDITURE, INCOME ACCOUNT

BALANCE SHEET—Continued

Subsidies:

Under the terms of the Alberta Act, the Province receives certain annual subsidies from the Dominion of Canada. The capital value of these subsidies is not shown as a liability on the balance sheet of the Dominion, and has therefore been excluded as an asset from the accounts of the Province, although there is a definite annual obligation on the part of the Dominion to pay certain fixed amounts. For the purpose of information only, the capital sums which at 5% would yield the revenue accrued in 1949-50 are shown hereunder:

Government and legislation	\$ 4,400,000.00
*Per capita grants	13,760,000.00
Allowance in lieu of debt	8,107,500.00
Allowance in lieu of Crown lands	15,000,000.00
	<u>\$41,267,500.00</u>

*Adjustment received in current year applicable to 1948-49 has been excluded.

Resources:

Under the terms of the Natural Resources Agreement the Dominion transferred to the Province on October 1, 1930, 87,676,890 acres of land, including 6,406,694 acres of unsold school lands held in trust, together with the benefit of all mines and minerals of the Province formerly vested in the Dominion. Principal receivable from the sale of provincial lands, \$187,026.54, the value of unsold school lands and the value or benefit arising from the natural resources of the Province are not reflected on the balance sheet.

The Tax Collection Suspension Act, 1947:

Under the terms of Chapter 2, Statutes of Alberta 1947 the Provincial Treasurer was authorized and empowered to execute on behalf of the Province an agreement with the Dominion of Canada providing for the suspension by the Province of the levying and collection of income tax on individuals, succession duties and certain corporation taxes. Under the terms of the agreement the Province will receive:

- (a) A guaranteed minimum annual amount of \$14,227,882.00, or
- (b) The amount that is the product of \$14,227,882.00 multiplied by the product obtained by multiplying
 - (i) the ratio that the value of the gross national product per capita in that calendar year bears to the said value in the calendar year 1942 by
 - (ii) the ratio that the population of the Province for that calendar year bears to the said population for the calendar year 1942.

The Province received during the period under review \$15,276,192.32 of which \$11,782,930.88 was applicable to the current year and \$3,493,261.44 was in respect of the previous year. Subsequent to March 31, 1950, the Province received \$3,898,456.59 and is entitled to a further sum upon final determination of the population and gross national product for the year.

GENERAL

During the year a continuous pre-audit was maintained of all expenditures from the General Revenue Fund. In addition, revenue of all departments and books and accounts of all boards and commissions are subjected to post-audits by my representatives. Bank balances were verified against bank certificates. Securities aggregating \$104,323,474.93 were examined and found in order. Every assistance was extended by officials of the several departments, boards and commissions to facilitate the work of my representatives, and all information requested was promptly given.

I have the honour to be, Sir,

Your obedient servant,

Edmonton, Alberta, May 5, 1950.

I have audited the books and records relating to the Special Investment Fund established under provisions of Section 30 of Chapter 18, R.S.A. 1942, The Treasury Department Act, for the year ended March 31, 1950.

Result of operations of the fund for the period is as follows:

Net revenue from interest received, less amortization of premium and discount	\$350,119.36
Add: Interest accrued March 31, 1950, less accrued amortization	164,594.62
Deduct: Interest accrued March 31, 1949, less accrued amortization	\$514,713.98
Add: Net profit on sale of securities	56,152.16
	\$458,561.82
	38,044.72
	<u>\$496,606.54</u>

Following the practice with respect to Provincial revenue, only earnings and profits actually received have been taken into general revenue account, but in order to show the earnings of the fund on an accrual basis the above summary has been prepared.

I certify that, in my opinion, the above statement correctly summarizes all transactions relating to the Special Investment Fund for the year ended March 31, 1950, and states the securities on hand at that date.

C. K. HUCKVALE, C.A.,
Provincial Auditor.

STATEMENT No. 41—Continued

Reserve for loss as at December 31, 1949, amounts to \$550,723.13 and was provided for possible future losses on realization of investments. Provision during the year under review amounted to \$71,400.00 as shown on Statement No. 42.

LIABILITIES AND RESERVES

Deferred income, net

Assessments levied in respect of Class 13-2 being for the twelve month period ending October 31, 1950, have been deferred in full until the next fiscal year. Likewise, all expenditure during November and December 1949, regardless of year of occurrence of accident, has been deferred. The net revenue, \$267,347.90, is shown on the attached balance sheet under the above caption.

Estimated merit rebates

Merit credits to be allowed in respect of the year 1949 could not be determined prior to the closing of the Board's accounts, but provision, in the amount of \$447,380.00, has been made as an estimate of requirements.

Reserve for claims pending and unfinalled claims

The above reserve is an estimate, based on opinions of medical and administrative officials of the Board and the experience of certain previous years, of the amount required to meet compensation payments and pension awards in respect of all claims pending and unfinalled claims together with medical services in respect of all accidents occurring subsequent to December 31, 1943, after excluding claims in respect of self-insurers' employees.

Reserve for Silicosis

No information is available from which an opinion could be formed as to the adequacy of the reserve.

Reserve for pensions

Interest earnings for the year were sufficient to meet the actuarial requirements.

An evaluation of the Board's liability with respect to pensions was made as at December 31, 1948, by officials of the Board. Based on the assumption that interest earnings would be maintained at the required capitalization rate of 3%, the reserve provided by the Board in respect of liabilities as at that date was sufficient to meet requirements.

Reserve for rehabilitation

Under authority of the 1948 Act the reserve was increased by a transfer from reserve—Section 33—(1), (n) of \$365,307.45 being the balance of that reserve in excess of \$100,000.00 as at December 31, 1949.

As stated elsewhere in this report payments for medical services in respect of accidents of 1943 and prior years have been charged to the reserve following the transfer, as at December 31, 1948, of the amount standing to the credit of the reserve for medical aid to the reserve for rehabilitation.

Reserve for disasters

No information is available from which an opinion could be formed as to the adequacy of the reserve.

Reserve—Section 33—(1), (n)

Under Section 33—(1), (n) of the Act, the reserve is provided to cover such portion of the cost of claims of workmen suffering enhanced disabilities as is, in the opinion of the Board, due to similar or other disabilities previously suffered. The balance of the reserve in excess of \$100,000.00 as at December 31, 1949, \$365,307.45, has been transferred to the reserve for rehabilitation at stated elsewhere in this report.

Reserve—Section 33—(1), (k), (1943 Act)

The reserve, which under Section 44—(8) of the 1948 Act is to be transferred to the Accident Fund, is presently being held to provide for adjustments required with respect to pensions suspended during the war years and paid into the reserve under Section 33—(1), (1) of the 1943 Act.

Operating reserve

The reserve represents the balance at credit of classes after provision for reserves as shown on Statement No. 42.

Subject to the foregoing report, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of The Workmen's Compensation Board as at December 31, 1949, according to information and explanations given to me and as shown by the books of the Board and the accompanying statements of revenue and expenditure correctly set forth the result of operations for the year ended at that date.

Edmonton, Alberta, February 13, 1950.

I have audited the books and records of the Lethbridge Northern Colonization Manager for the year ended December 31, 1949.

Loan funds show a surplus of \$5,171.35 for the year ended December 31, 1949, as detailed in Statement No. 73. Lease revenue of \$4,037.89 has been included as revenue of the Colonization Manager although irrigation rates on the leased lands have been advanced by the Provincial Treasurer.

The amount of \$2,970.26 shown on the Balance Sheet as suspense represents receipts which may be applied on land contracts or refunded.

The amount due to the Provincial Treasurer, \$29,341.98, represents the loan funds surplus as at December 31, 1949, and the amount under-remitted on land sale agreements.

Unsold lands valued by the Acting Colonization Manager at approximately \$8,600.00 are not included on the Balance Sheet.

Undelivered crop shares, estimated by the Acting Colonization Manager at \$12,900.00, are not included in the attached statements. Proceeds when received will constitute lease revenue or be applied on land sale contracts.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Lethbridge Northern Colonization Manager as at December 31, 1949, according to information and explanations given to me and as shown by the books of the Manager, and the accompanying Statement of Revenue and Expenditure correctly sets forth the result of transactions for the year ended at that date.

Edmonton, Alberta, April 20, 1950.

I have audited the books and records of the Public Trustee for the year ended December 31, 1949.

Securities held were verified by actual examination and agreed with the records of the Public Trustee.

Estates' and beneficiaries' capital accounts represent the net value of assets under administration. The valuations are estimated from information available to the Public Trustee and are subject to realization and adjustment as estate files are reviewed.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Public Trustee as at December 31, 1949, according to information and explanations given to me and as shown by the books of the Public Trustee.

STATEMENT No. 98—Continued

Edmonton, Alberta, July 20, 1950.

I have audited the books and records of the University of Alberta for the year ended March 31, 1950.

OPERATING RESULTS

Operations for the year under review resulted in a surplus of \$74,518.52 after providing \$13,019.38 from current revenues for expenditure on new buildings and equipment.

The surplus for the year was transferred to the operating reserve and transactions within that reserve are set forth in Statement No. 100.

Maintenance and upkeep of buildings used by the Faculty of Education in Edmonton and Calgary has been provided by the Province direct.

FINANCIAL POSITION

Buildings, plant, furnishings and equipment are stated on the Balance Sheet at original cost. No provision has been made for depreciation, but an independent appraisal performed during the year indicates that the value of furnishings and equipment has been maintained by additions and renewals from revenue and reserve accounts.

In order to finance a Students' Union building the Province of Alberta has agreed to make interest free advances totalling \$400,000.00 to the University of Alberta. Repayments are to be made by the University from annual instalments received from the Students' Union. The loan receivable shown on the Balance Sheet in the amount of \$322,659.83 represents the Province's advances to March 31, 1950. Under authority of Order-in-Council No. 690 dated June 12, 1950, the University was authorized to issue a debenture to the Provincial Treasurer for \$400,000.00 pledging the repayment of the total sum to be advanced.

Inventories of merchandise for resale and supplies on hand are certified as to quantities and prices by officials of the University.

Capital and surplus transactions during the year are summarized hereunder:

Edmonton, Alberta, June 16, 1950.

I have audited the books and records of the Special Areas Board for the nine months ended December 31, 1949.

Tax revenues are based on the levy for the year ended December 31, 1949. Similarly, expenditures for school and hospital requisitions are for the year ended December 31, 1949.

Grazing and cultivation rental revenues have been reported on a cash basis. There is an undetermined amount of lease revenue receivable by the Board which is not reflected on the Balance Sheet.

Under authority of the Home for Aged or Infirm Act, Chapter 14, 1945, the Board may recover from the Department of Public Welfare a portion of the cost of supporting persons in the Youngstown Home. This amount has not been determined and is not reflected on the Balance Sheet.

Advances to hospital districts are secured by debentures of the respective districts which were examined during the year and found in order. As at December 31, 1949, Consort Hospital District No. 22 was in default with respect to debenture coupons aggregating \$14,367.29.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Special Areas Board as at December 31, 1949, according to the information and explanations given to me and as shown by the books of the Board, and the accompanying Statement of Revenue and Expenditure correctly sets forth the result of operations for the nine months period ended at that date.

Edmonton, Alberta, June 14, 1950.

I have audited the books and records of the Alberta Government Telephones for the year ended March 31, 1950.

Operations for the year resulted in a surplus of \$2,253,693.13 after providing \$998,183.43 for debt charges, \$840,000.00 for depreciation and renewal reserve and \$63,312.22 being net operating cost in respect of radio station C.K.U.A.

The balance of the special contingency reserve in the amount of \$264,377.73 was transferred to surplus account from which was appropriated a like amount as an additional provision for depreciation and renewal reserve.

Accounts receivable shown on the Balance Sheet are summarized hereunder:

Current subscribers accounts	\$ 432,936.11	
Unbilled tolls	140,619.66	
		\$ 573,555.77
Less: Reserve for doubtful accounts		40,426.91
		<u>\$ 533,128.86</u>

STATEMENT No. 135—*Continued*

The reserve for doubtful accounts is considered to be adequate.

Pension and death benefit fund assets are subject to the comments contained in the certificate attached to the Pension and Death Benefit Fund Balance Sheet.

Depreciation and renewal reserve fund assets are set forth on Statement No. 138. Investments consist of Dominion of Canada bonds having a par value of \$920,000.00.

The Alberta Government Telephones have the following estimated contingent liabilities which were not reflected on the Balance Sheet as at March 31, 1950:

In respect of uncompleted building contracts	\$ 95,000.00
In respect of commitments for purchase of equipment for future delivery	2,220,000.00

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Alberta Government Telephones as at March 31, 1950, according to information and explanations given to me and as shown by the books of the Alberta Government Telephones, and the accompanying Condensed Statement of Income correctly sets forth the result of operations for the year ended at that date.

Provincial Auditor.

Edmonton, Alberta, July 11, 1950.

I have audited the books and records of the Alberta Liquor Control Board for the year ended March 31, 1950.

Physical inventories of liquors and containers were taken at March 31, 1950, by officials of the Board. Quantities were certified by respective warehouse and store managers. Cost of transferring stocks from warehouses to stores was not included in the inventory valuation. Inventories included goods on consignment amounting to \$331,356.45, the corresponding liability being included with accounts payable on the Balance Sheet.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Alberta Liquor Control Board as at March 31, 1950, according to information and explanations given to me and as shown by the books of the Board and the accompanying Statement of Profit and Loss correctly sets forth the result of operations for the year ended at that date.

C. K. HUCKVALE, C.A.,
Provincial Auditor.

STATEMENT No. 151—*Continued*

Edmonton, Alberta, July 7, 1950.

I have audited the books and records of the Treasury Branches for the year ended March 31, 1950. In connection therewith branch balance sheets as at that date, certified to by branch managers, have been examined and consolidated with Head Office records. Transactions applicable to the year reported after preparation of branch statements are not reflected in the accounts.

Currency on hand and items in transit were certified by branch managers. Balances on deposit with chartered banks were verified by certificates from banks. Securities were examined and found in order.

Loans and advances include loans outstanding as at March 31, 1950, overdrafts in depositors' accounts, bills discounted and items in overdue bills.

Advances considered uncollectible amounting to \$18,563.07 were written off against the reserve during the year. Provision for the current period amounted to \$33,500.00, leaving the reserve for bad and doubtful debts at \$109,936.93 as at March 31, 1950.

Expenditures of Treasury Branches for maintenance and operations have been charged to the general revenue fund of the Province, with the exception of an amount of \$480,738.68, representing consumers' bonus for the months of February 1941 to April 1945, inclusive. This amount may be financed from the fund provided for contingent liabilities.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Treasury Branches as at March 31, 1950, according to information and explanations given to me and as shown by the books of the Treasury Branches, and the accompanying Statement of Revenue and Expenditure correctly sets forth the result of operations for the year ended at that date.

GOVERNMENT OF THE PROVINCE OF ALBERTA
PROVINCIAL MARKETING BOARD
REPORT OF THE PROVINCIAL AUDITOR

Edmonton, Alberta, March 29, 1950.

Under the provisions of Section 14, Chapter 253, R.S.A. 1942, I have to report that I have audited the books and records of the Provincial Marketing Board for the year ended December 31, 1949.

The Board acted as agent of the Government of the Province of Alberta in connection with the construction and operation of an oil separation and refining plant at Bitumount, Alberta. Funds for the construction were provided from the Post-War Reconstruction Fund under authority of Order-in-Council 884/47 and the funds for operation were provided through Appropriation 729. Statement No. 171 and Statement No. 170 set forth the receipts and payments for operation and construction respectively during the year ended December 31, 1949.

Under authority of Order-in-Council 1274/48 the Provincial Treasurer advanced \$40,000.00 to the Provincial Marketing Board for the purpose of preservation, repair, and operations of a woollen mill at Magrath, Alberta. A statement of receipts and payments to December 31, 1949 is attached hereto as Statement No. 172. The mill has been leased from August 1, 1949 by Prairie Woollen Mills Limited, a corporation constituted under Part 111, Chapter 253, R.S.A. 1942, and the operations to December 31, 1949 are the subject of a separate report addressed to the Board of Directors of that corporation (Statement No. 176).

Under authority of Order-in-Council 369/47 the Board acted as agent of the Minister of Public Works in selling buildings and materials derived from certain properties acquired from the Dominion of Canada and consisting principally of airports and army camps. Proceeds of sales for the year ended December 31, 1949, \$237,595.30, have been deposited to the General Revenue Fund of the Province.

Trading activities during the year under review were conducted by the Board's wholly owned subsidiary, Marketing Services Limited, and are the subject of a separate report addressed to the Board of Directors of that corporation.

Edmonton, Alberta, April 28, 1950.

I have audited the books and records of Marketing Services Limited for the year ended December 31, 1949.

OPERATIONS

Marketing Services Limited, incorporated under Part III of the Alberta Marketing Act, Chapter 253, R.S.A. 1942, conducted the trading activities of the Provincial Marketing Board for the year ended December 31, 1949.

Activities during the year consisted of merchandising of implement parts, plumbing fixtures and other commodities; supervision, administration and financial assistance, under agreements, to certain industries within the Province; and the sale of materials and supplies resulting from the demolition of airport buildings acquired from War Assets Corporation.

General operations resulted in a net profit of \$8,709.93 as set forth in Statement No. 174.

Sales and cost of sales in connection with the demolition operations are set forth in Statement No. 175 and resulted in a net profit of \$14,533.85. In order to close this phase of the operations of the Corporation, the inventory of assets remaining as at December 31, 1949 were included at their estimated realizable value.

STATEMENT No. 173—*Continued*

BALANCE SHEET

Accounts receivable aggregating \$153,891.05 consist mainly of advances, under agreements, to certain industries within the Province. These advances result from the purchase and resale of the commodities necessary for the particular activities of the industries, from expenditures for equipment and plant construction and advances for operating expenses. A general assignment of accounts receivable has been made to the Treasury Branch as security for loans. The reserve for doubtful accounts would appear to be adequate.

Inventories of commodities on hand at December 31, 1949 are certified as to prices and quantities by officials of the Corporation. Commodities valued at \$124,651.30 were not verified by actual examination of officials of the Corporation. The reserve for inventory valuation is based on an estimate made by officials of the Corporation.

The Corporation issued to the Provincial Marketing Board one hundred shares of the capital stock for which no value was received. This transaction is not recorded and is not reflected on the above Balance Sheet.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of Marketing Services Limited as at December 31, 1949, according to information and explanations given to me and as shown by the books of the Corporation and the accompanying statements correctly set forth the results of operations for the year ended at that date.

BALANCE SHEET

Accounts receivable from the Provincial Treasurer consist mainly of the expenditures to December 31, 1949, necessary to liquidate the accounts of certain creditors of the Golden Fleece Woollen Mills Limited, a corporation declared bankrupt. The Government of the Province of Alberta has undertaken to fulfill the agreements entered into by Golden Fleece Woollen Mills Limited with customers who had supplied materials for manufacture into blankets.

Inventories of commodities on hand at December 31, 1949, as shown on the Balance Sheet are certified as to prices and quantities by officials of the Corporation.

Plant and equipment shown on the Balance Sheet consists of additions and improvements since August 1, 1949, to the plant and equipment under lease.

Accounts payable to the Treasury Branches represents the value of inventories purchased at the commencement of lease.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of Prairie Woollen Mills Limited as at December 31, 1949, according to the best of my information and the explanations given to me and as shown by the books of the Corporation, and the accompanying statements correctly set forth the results of operations for the five months ended at that date.
